

## Automatic Transfer Switch Specification

Date: 2019-08-21

No: BDPT0381505039

Customer		<b>Pathway Technology</b>					
Product name		Factory Part No.		Customer Part No.			
ATS		AR228H1622(Intelligent)					
Main Functions		Details					
Monitor		Total load current					
		Input & output voltage					
		Power supply A/B					
Alarm	User defined	Threshold of total load current					
		Threshold of input voltage					
	System default	When threshold of total load current is exceeded					
		When threshold of input voltage is exceeded					
		When Either power supply goes wrong					
		When automatic switch happens					
	Alarm method	Audible and visual alarm (external connection)					
		Email alerts					
		SNMP trap					
Log record		Record and save the operating and alert information which can be exported					
System setting		Set ATS System clock					
		Set the threshold of current & voltage					
		Set the preferred power source					
		Set switchover time					
Access method		Web based, access via IE					
		SNMP V1					
		Serial (Control console: Hyper Terminal)					
<b>Input/output characteristics</b>							
Input characteristics		Rated input voltage	250VAC 50/60Hz				
		Input standard	IEC60309 2P+E 32A plug				
		Cabel specification	3 × 6.0mm <sup>2</sup>				
		Cable length	2M				
		Max. input current	32A				
Output characteristics		Socket standard	IEC320 C13	Rated current	10A	Outlet	12

		IEC320 C19		16A	quantity	4
	Rated output voltage					
Dimension	Product dimension	L×W×H =482.6×220×44.4mm
